OFFLINE
EDITION

MINDFUL EXPLORERS FOR CHILDREN

ARRIVAL CHECK-IN

Please use the hand sanitizer/soap and water provided. Temperature checks will also be done before entering the lobby.

If parents/charperone is staying, we will provide a designated area, in which you must wear full protective gear.

Please check-in your data and ID with the reception.

Students and facilitator will be tested with Rapid Antigen Test (SALIVA) provided by The Golden Space Indonesia.

Students and facilitators must wear socks, masks, face shield and gloves at all times.

SESSION

All participants are to stay within designated area at all times.

Facilitators will be in full gear (face mask, protective suit, face shield).

There will be a maximum of 3 children in 1 room.

Some windows must be open in order to allow for air circulation.

Hand sanitizers will be provided for use during session

During bathroom breaks, children will go one by one, spreading into 2 floors. Floor marking will be available.

Activity kit for each child will be provided in each designated area prior to the beginning of the session.

Mics and bluetooth speakers will be available. Optional screen will be provided for presentations.

DEPARTURE CHECK-OUT

Students will take a picture with the facilitator at the end of the class.

Before heading down to the reception, students will wash their hands first.

Temperature checks will be done before students can return with their parents/charperone.
